Backyard Science

July 6th-10th | 2nd-3rd Grade

Your laboratory is as close as your own backyard or park. Learn about the animals that share our neighborhoods, use a magnifying glass to explore hidden worlds, and carry out other experiments you can continue to do back at home.

Camp Creativity

July 13th-17th | 4th-5th Grade

Be an artist and an explorer of nature! Use nature as your inspiration as you use a variety of tools, materials, and techniques to create and make classic summer camp projects that look cool and serve a purpose.
