WHAT MAKES A BOARD GAME?

Board games are a form of entertainment centered around a tactile experience and set rules. There are all sorts of different types of board games from chess to D&D.

WHAT YOU NEED TO PLAY

- A BOARD
- PLAYING TOKENS OR PIECES
- RULES
- ELEMENT OF CHANCE (DICE, WHEEL, CARDS, ETC.)

IT STARTS WITH AN IDEA!

A lot of hard work goes into game development. Take time to brainstorm with your group about what you want your game to be about.

RECOMMENDED FOR

WHO IS PLAYING?

It's important to keep in mind the age range of the players. The younger the crowd the easier and quicker the game will need to be.
